Please briefly describe any programs that you have attended which have prepared you for the deep journey that this experience calls for (in other words, soul-based or spiritual training programs, circles, vision fasts, women's groups, political activism, artistic expressions, meditation retreats, yoga trainings, etc.)

Please answer the following questions. Please do be thorough, but we ask that your answers remain relatively brief.

- 1) What do you currently know about the deeper story you are called to live? What clues do you have to this deeper story (dreams, journeys, magical or numinous encounters, meetings with extraordinary others). What is gnawing at you, calling to you?
- 2) What is your greatest and deepest longing in your life right now? What are the deepest questions you find yourself pondering? What are the deepest mysteries that are guiding your life right now?
- 3) Keep in mind that you will be fasting alone in nature for 48 hours, a challenging yet invigorating and deeply clarifying time for soul encounter. Why does this feel to you like the right time in your life to enact a vision fast?
- 4) Why are you seeking to enroll in WWW Immersion at this point in your life? What about this offering is most alluring to you?
- 5) Do you have any physical or psychological challenges that your guides need to know about? Please describe.
